It's true.

I'm at the point where I don't even care what he does to get into his second term. He can nuke China, castrate the liberals (who haven't already castrated themselves), and declare himself the American Emperor for life.

Can't be any worse than a Biden administration.

I was saying to my aunt at Christmas, "You know what? After everything the Left has said and done, if they somehow WERE right, and Trump really IS Super Hitler? And in Term 2 he's like 'And now I'm gonna put all the

Democrats on the trains to the camps! A ha ha ha ha!' I'll be like '... yeah, know what? Okay.' These assholes have pushed me SO far, for SO long, that I'm sick of them and want them gone and don't care how."

Like, seriously. This is 100% on them. If they hadn't gone so FUCKING insane for the past four years, I'd probably be like "Well, come on, would they really cheat and steal an election? I'm sure we could win next time."

Thankfully, you can always trust a freaktard to freaktard out.

Start with yourself for violating the Due Process Clause. All the supposedly pro-Constitution people calling for blatantly unconstitutional, fascist bullshit must be glowies or shills trying to instigate the left's Reichstag fire moment.

▲ -8 ▼

– [bingobangobongo69](#) -8 points 6 hours ago +1 / -9

First of all, you can't change the punishment for crimes and apply it retrospectively, so the calls for execution are plainly unconstitutional.

Second, the courts (the proper place to pursue these crimes) have so far not found a single person guilty of any crime.

Third, the Eight Amendment's "cruel and unusual punishment" also applies.

Lastly, you're in a thread about Emperor Trump unilaterally rounding people up and being the judge, jury and executioner. This is so far from anything resembling Due Process, it's not even funny.

Absolutely. Of course anyone committing crimes should be prosecuted to the FULLEST extent of the law, but this fascist bullshit is obviously unconstitutional. The Constitution isn't something you use to beat up your opponents while completely ignoring it yourself.

A former Chinese CCP who defected to Japan has been doing interviews discussing what her contacts in the CCP have told her. She says the CCP is going to drastic measures to stop Trump. The CCP is convinced if Trump survives to January 6th that he will become president.

This was an act of desperation by the CCP.

Trump was winning (like he always is) the trade war with China and that posed a threat to the very survival of the CCP.

The economy was taking a hit and the people could revolt.

Their situation has gotten extremely dire with the Australian trade war recently.

There is a very real chance that Trump wins and joins australia, that would unironically destroy the CCP.

I get you, but it is still crucial that it happens.

Public opinion matters unfortunately, the majority of the population is incredibly retarded and will throw orange man = nazi temper tantrums.

And they know fraud happened, they just don't care.

By normies I also mean the "not die hard" Trump supporters.

If Trump did crazy shit one or two weeks ago, a lot of his own supporters would turn on him.

But now that 98% of republicans believe fraud happened, they saw the courts and the entire system fail.

Now Trump can do whatever he wants because his supporters won't turn their backs on him.

So if Trump does whatever he has in store and a lot of his supporters show up on January 6th it shows that what he did was justified.

If they turn on him they were never supporters just gullible low IQ morons who can't recognize a crucial moment in history and don't have 2 brain cells to do a couple google searches. I don't even want inbreds like that on my side. They can burn with the left. If only we could just genocide all the morons, then we wouldn't have these issues.

What I was saying is that many normies don't realise that we are in a crucial moment in history.

What we and Trump have to do is to wake them up because, whether we like it or not, and we fucking don't, public awareness and support is key.

Which explains the hearings, the constant tweets and retweets about voter fraud and most importantly

IT EXPLAINS WHY HE WAS CONSTANTLY TWEETING POLLS ABOUT HOW MANY AMERICANS BELIEVE THERE WAS FRAUD.

It was the metric used to evaluate his actions.

The "crossing the rubicon" will obviously not be a movie like scenario where the president addresses the nation on tv or something, it will be signals like this which will lead to military courts (or whatever he has in store who knows).

Me neither mate, but this is a global battle for nationalism and the forces of good. The US is ground zero right now in this global fight. I feel like we have a unique part to play in this, in the sense we non-Americans can offer a more rational and less emotionally fuelled perspective on things for the American lads who are understandably a bit all over the place emotionally as they're probably going to have to physically fight for their future soon. I wish them the best of luck. We've just got to do what little we can to help really.

Judging by his recent tweets he

a) knows the entire judicial system and fed agencies are corrupt

b) believes he is going to win

Why don't you contribute some content.

Btw its the sign of good content when the 'critics' are split. When I get a lot of upvotes its usually negated by a sizeable number of downvotes. For example: bitterbut\_true -1 points 10 hours ago +4 / -5

Sweet talking pussy aren't ya :)

You're the one who shit talked someone else and I threw it in your face.

Why don't you contribute some content.

Ah yes I'm going to browse Twitter for the next "WOW THIS PLAN IS HAPPENING RIGHT NOW!!!" or "DAE PENCE IS BAD FOR GARBLEGARBLE REASON!?!?" random 4chan post just to earn some post karma.

Btw its the sign of good content when the 'critics' are split

There are some times this is true. Often it is not. People do not criticize every post, and indeed do not criticize every *good* post. If you hit negative with any amount of participation over, like, 3 that's indicative of not so great content.

You have a one day old account? I just gave my opinion. Did we stop allowing that?

What's your problem? New people joining means that our cause and message is taking root.

Don't be that way. I was new a month and a half ago too.

Not, just seems silly to post stuff like this as we are fighting so hard? If this is true then we can all stop fighting for Trump right now. It is really stupid. Its propaganda to make people not fight. So why am being down voted again?

No I think this type of post invigorates and encourages people to keep fighting. This doesn't at all take away from energy the way I see it.

If people posted doom and gloom, then I can tell you everyone would lose heart.

Plus this is a POTUS tweet and I'm pretty sure he knows exactly what's going on at his end.

Why am I dooming saying he needs better people.around him..also if this is all part of the plan then we can all pack it in right? He lost on purpose, let them steal it, and sense it's all on purpose we no longer need to worry? Why would we even need to show up on the 6th if this was all part of the plan?

I agree. I hope he has an ace up his sleeve, but he should have used it by now. People need to wake up to that fact. There never was a clandestine plan.
